Civil Engineer | 5.5+ yrs experience

Professional with 5.5+ years of experience. My professional background is in marketing manager — I've built teams, owned KPIs, and driven business outcomes in this domain. Lately I've been curious about how tools could augment my work — I've experimented with ChatGPT and a few other tools for productivity and content creation, and I think the space is exciting. Open to roles where I can apply my domain expertise alongside emerging AI capabilities.

Experience:

Civil Engineer at Wipro

2023-04-13 to None

Brand design and creative direction at a consumer-products company. Owned brand identity (logo, visual system, typography), packaging design, and digital creative across web and social. Led the recent rebrand; managed a small external agency for production work. Comfortable across the Adobe suite, Figma, and the production side of brand and packaging design.

Mechanical Engineer at Initech

2021-01-16 to 2023-04-06

Customer support team lead at a SaaS product. Managed a team of 8 support agents handling tier-1 and tier-2 tickets; owned the escalation process to engineering and the customer-feedback loop to product. Built out support knowledge base and the agent training program. Strong on the people-management side and the process side; lighter on technical depth beyond product expertise.

Skills:

Content Writing, MongoDB, Sales, Spark, Scrum, Apache Beam, Illustrator
