Graphic Designer | 6.8+ yrs experience

Professional with 6.8+ years of experience. My professional background is in marketing manager — I've built teams, owned KPIs, and driven business outcomes in this domain. Lately I've been curious about how AI tools could augment my work — I've experimented with ChatGPT and a few other tools for productivity and content creation, and I think the space is exciting. Open to roles where I can apply my domain expertise alongside emerging AI capabilities.
