HR Manager | 5.0+ yrs experience

Professional with 5.0+ years of experience. I'm a marketing manager with substantial experience in cross-functional collaboration, stakeholder management, and execution. Lately I've been curious about how tools could augment my work — I've experimented with ChatGPT and a few other tools for productivity and content creation, and I think the space is exciting. Open to roles where I can apply my domain expertise alongside emerging AI capabilities.

Wrote longform articles on developer tools, cloud platforms, and AI/ML topics — including some that ranked on the first page of search for high-competition keywords. Managed a freelance writer pool and the editorial calendar. Recent work has been on AI-assisted content production, using LLM tools for research, drafting, and editing while maintaining editorial quality.

Owned the full sales cycle: prospecting, discovery, technical evaluation (with SE support), commercial negotiation, and close. Strong on consultative selling for technical buyers; comfortable engaging with both engineering and finance stakeholders.
